Product Code: 48584

R12,025

The BenQ SW242Q 24.1-inch desktop monitor offers a native resolution of 2560 x 1600, providing a clear viewing experience. With image brightness of 400 cd/m² and a contrast ratio of 1000:1, this monitor delivers rich colors and deep blacks, making it suitable for various applications, from professional photography to graphic design. The IPS technology ensures wide viewing angles of 178 degrees, allowing collaborative work without color distortion, while the monitor's anti-glare coating enhances visibility in bright environments.

Equipped with monitor features, including HDR10 compatibility and AQCOLOR technology, the SW242Q supports a wide color gamut, covering 100% sRGB and 98% P3, making it ideal for creatives. The factory calibration report ensures reliable color accuracy with a Delta E1.5 calibration. It supports multiple interfaces such as HDMI, DisplayPort, and USB-C, providing flexibility for

different devices. Height, pivot, swivel, and tilt adjustments allow for comfortable viewing positions,
