The BenQ ZOWIE XL2586X+ is designed for serious gamers, featuring a 24.1-inch desktop display with a native resolution of 1920 x 1080. With a V-Sync rate at max resolution of 600 Hz, the monitor delivers smooth image quality that enhances gaming performance. The fast TN TFT technology and Black eQualizer feature ensure vibrant colors and optimal visibility, even in dark scenes. Additionally, Flicker-Free technology and Low Blue Light technology help reduce eye strain during extended gaming sessions.

For added convenience, the monitor includes a variety of adjustable features such as height adjustment up to 155 mm, tilt angles from -5 to +35 degrees, and a 90-degree swivel angle to suit different viewing preferences. Equipped with numerous connectivity options including HDMI and DisplayPort, this monitor is versatile and easy to integrate into any gaming setup. The built-in XL Setting to Share and DyAc 2 technology further enhance the gaming experience, making this monitor a suitable choice for esports enthusiasts and casual gamers alike.
