The capable, affordable POS printer with versatile connectivity

Engineered for a balance of speed, reliability and affordability in a compact package, the TM-T20IV thermal receipt printer is purpose-built for taking on the demanding POS needs of today’s businesses. This versatile printer supports traditional PC-POS and mPOS systems and features two built-in connectivity options, allowing for exceptional flexibility and productivity: (1) USB with serial connectivity and (2) USB with serial and Ethernet connectivity. The TM-T20IV is built for productivity—with print speeds up to 250 mm/sec, an intuitive status LED and paper savings of up to 30 percent1, it’s the ideal solution for keeping your POS workflow moving quickly and efficiently. The printer is backed by a 2-year limited warranty, with extended service plan options available up to a total of 5 years of continuous coverage2, giving you Epson’s world-class service and support for your
