Connect your favourite USB-C or Thunderbolt 3 accessories and peripherals to your laptop, tablet, PC or smartphone. Power and provide video output for up to three external monitors (applies to Windows systems) at the same time.

Plug the docking station into the USB-C or Thunderbolt 3 port of your computer with just a single cable (60 cm) and you can start using it immediately. Drivers are installed from the system automatically. The docking station was designed to also be used as an ergonomic stand for your laptop or tablet.

Note: macOS does not support Multi Stream Transport (MST) technology, meaning that when connected to a device running macOS, all connected monitors will display the same image.

UNIVERSAL CHARGER

This universal USB-C power adapter with power of 112 W is a great choice for powering any laptop or other device equipped with a USB-C connector that supports USB-C Power Delivery with a maximum power demand of 100 W.

The voltage is set automatically according to the USB Power Delivery specification 2.0 v1.2 in the individual profiles in following steps: 5 V / 9 V / 12 V / 15 V / 19 V / 20 V with max. 5 A current consumption. The power adapter is lightweight and very portable; it is equipped with intelligent current overload, overvoltage, short circuit and overheating protection.
