R1,761

The Club3D CAC-1905 Travel Charger PPS 65W GAN technology, Single port USB Type-C, Power Delivery(PD) 3.0 Support. Compact size & Superior Performance: GAN technology chipset makes this charger 50% smaller than a 65W MacBook charger, small enough to carry anywhere. The Programmable Power Supply(PPS) 65W wall charger match a variety of PD devices from smart phones to laptops, one for all making charging simple. This wide compatibility charger will be your convenient companion during your business trip or vacation.

The Power Charger is light weight without compromising on Quality and safety. By adopting Power Delivery(PD) charging technology, this versatile Power Charger provides you with charging function through USB Type-C interface, you can charge any connected Mobilephone / Tablet / Notebook.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice.
