Product Code: 487562

R1,409

USB-A, USB-C, USB4 and Thunderbolt 3 or 4 are becoming increasingly popular on today’s laptops and tablets. Along with their increasing use, the number of USB ports on the body of laptops is decreasing. And if you need to connect accessories to your device that don’t have enough ports anymore, you can use this small but handy hub that also supports active charging.

With this hub, you get an additional 7 USB ports (4x USB-A and 4x USB-C). Connect an external keyboard and mouse, transfer data or movies from a USB flash drive at up to 5 Gbps or charge your mobile devices at up to 7.5W.

The Hub requires no drivers to install, just plug it in with the USB-C or USB-A cable and you can start using it right away. The Hub has built-in surge protection for your computer in case of short circuits on peripherals. Thanks to its compact size and light weight, you can always carry it in your bag – the
