ULTRA-VERSATILE WITH A FIRST-OF-ITS-KIND CONVERTIBLE DESIGN

The ultra-versatile CS60-HC Healthcare Series Companion Scanner is designed specifically for healthcare and adapts to any clinician workflow. Its groundbreaking design easily converts between corded and cordless operation, handheld and hands-free, as your needs change for superior investment protection. And it features a purpose-built housing that helps offer maximum protection against the spread of bacteria, including a crevice-free surface that helps eliminate places where germs can hide.

ADAPTS TO ANY CLINICIAN WORKFLOW

As a cordless companion scanner, the CS60-HC is small enough to meet any nurse-carry workflow. And as a corded scanner, the CS60-HC provides compact scanning for the pharmacy counter, lab station and more. Whether you purchase a corded or cordless model up front, you can change modes at any time.

CUTTING-EDGE CLINICAL MOBILITY

With Qi inductive charging, split-second NFC tap-to-pair, Bluetooth 5.0 with Wi-Fi friendly mode, an 18-hour battery and Virtual Tether anti-loss functionality, the cordless CS60-HC is pocketable and wearable when clinician mobility is essential.

PURPOSE BUILT FOR HEALTHCARE

Thanks to a safe LED aimer, night mode and an IP65 sealed disinfectant-ready housing with a crevice-free surface that helps eliminate places where germs can hide, the CS60-HC is designed to be used throughout the whole hospital including the NICU, labour and delivery and mother-baby units.
