R2,967

CSV-1550 - The Club-3D USB Type C 3.2 Gen 1 Multi Stream Transport(MST)Hub DisplayPort™ 1.4 Triple Monitor 4K60Hz with DSC 1.2 is an integrated solution that allow you to enjoy displaying content onto three different monitors / displays simultaneously under MST mode. The three screens can accommodate displaying different contents in parallel or by simply extending the existing screen, giving a panoramic view of the content which maximizes the user's visual experience. With its multi-display capabilities, this hub can serve as a convenient and hassle-free portable, alternative solution to the conventional docking station.

It's the perfect solution for host devices which feature DP1.2 /1.4 graphic cards that supports all DP
