

CSV-1586

CLUB3D Thunderbolt™ 3 to DisplayPort™ Dual Monitor 4K60Hz M/F

Model: CSV-1586

Manufacturer: CLUB 3D

EAN: 8719214473082

Product Code: 490579

R2,967

The Club 3D CSV-1586 Thunderbolt™ 3 to Dual DisplayPort™ 4K60Hz Adapter lets users easily connect two Displayport™ Screens @ 4K60Hz to any device with a Thunderbolt™ 3 interface. The output resolution supported is up to dual 4K60Hz or 8K60Hz/4K120Hz for a single display. It is fully Plug & Play, so no need for driver installation. This stylish adapter has a beautiful Brushed Aluminum Casing making it strong and light. This unique adapter is compatible with both Mac™ OS Sierra and Windows™ 10. It is also very slim (15 mm / 0.59") making it easy to carry with you. Multiply your screen area with your tablet, desktop PC or Ultrabook. With multiple monitors your computer will become more useful and you will become more efficient and accomplish more. With 2 displays delivering 4K60Hz performance, you can have four times the screen space compared to 1080p.
