

Dreame D10s Plus 0.57 L Black

Model: D10S PLUS

Manufacturer: XIAOMI

EAN: 6973734681613

Product Code: 491078

R11,141

65 days of AI-powered cleaning

Versatile whole-home vacuuming.

Come home to cleaner floors thanks to a massive 5,000Pa suction. The versatile bristleless rubber brush digs deep into carpets to shake up underlying dust, grabs dirt off of hard floors, and prevents hair tangling to give your home a comprehensive clean.

Make cleaning automatic.

Take the hassle out of cleaning with up to 65 days* of hands-free dust collection. A large 4L dust bag with an E12 filter locks in 99.5%* of small particles while DualBoost 1.0 quickly and effectively collects hair, dirt, dust, and debris without clogging. All you have to do is toss the bag.

Remarkably intelligent to clean like you

With an advanced AI and LDS obstacle avoidance, you can take the hands-off approach to cleaning. AI accurately identifies and avoids obstacles, identifies rooms to recommend cleaning strategies, and rapidly constructs maps of your home to deliver effective, efficient cleaning that doesn't miss a spot.

Keep an eye on your home.

Remote video supervision lets you check up on your home, your pets, and your children, wherever you may be. Get a robot's-eyeview of your home to see it from a whole new perspective or check out spaces under furniture with just a few taps of your phone.

Whole-home cleaning coverage.

Enjoy corner-to-corner cleaning coverage with a 5,200mAh battery that delivers up to 280mins of continuous cleaning. When power runs low, your robot automatically returns to recharge and then picks up cleaning from right where it left off to ensure your whole home is cleaned.

Control the flow.

Manage the details of how your robot uses its drag mop to help clean hard floors. Select from multiple levels of water volume and an electronically controlled water tank will manage the flow, mopping with the dampness you want to keep your hard floors looking nice.

Customize your cleaning.

Easily fine-tune your daily cleaning with the detailed map and intuitive features in the dedicated Dreamehome app. Create multiple maps for multi-floor houses, customize cleaning modes, set no-go zones, create cleaning schedules and routines, and more—all from the comfort of your own phone.

Clean with a word.

Start your cleaning with the sound of your voice. Siri, Alexa, and Google Assistant support allows your robot to seamlessly integrate into your smart home to make your automated cleaning even more hands-free.
