

TP-Link BE9300 Whole Home Mesh Wi-Fi 7 System(Tri-Band)

Model: DECO BE65(2-PACK)

Manufacturer: TP-LINK

EAN: 4897098686980

Product Code: 492036

R11,223

WiFi 7, WiFi Like Never Before

WiFi 7 has arrived with jam-dropping performance - offering accelerated throughput, lower latency, stronger anti-jamming and higher efficiency. Join the league of pros and experiance the sheer performance of the next generation WiFi.

Unrivaled WiFi 7 Speed up to 11 Gbps

Wi-Fi 7 unleashes the full potential of 4K-QAM and the 6 GHz band with up to 320 MHz channels, delivering unprecedented Wi-Fi speeds up to 11 Gbps. The new 6 GHz band provides exceptional bandwidth congetion-free channels.

Whole Home Multi-Gigabit Connectivity

Deco BE65 Speed Heatmap

2.5 Gbps Wired Backhaul

Most of the home is covered by 2.5 Gbps high-speed connections. The edge of the house also remained at around 2 Gbps. This builds the true whole home Multi-Gigabit mesh WiFi.

Wireless Backhaul

The 1st-floor Deco BE65 remains the same as with a wired backhaul. But due to the walls and ceiling between the two floors, the center of the other Deco BE65 receives at least 1.5 Gbps speeds.

Ultra-Fast 2.5 Gbps

Wired Performance

4× 2.5 Gbps ports maximize home internet speeds with up to 2.5× the wired speed of a typical Gigabit Ethernet port. The additional USB 3.0 port makes Deco BE65 an ideal solution for future-proofing your home network. Connect your favorite wired devices to Deco BE65 and get impressed.

The Ultimate Backhaul: Stronger and More Flexible

Through our self-developed technology, Deco BE65 can connect a wireless and wired backhaul with each unit simultaneously. What’s more, with the latest WiFi 7 MLO technology, the system’s wireless and wired combined backhaul aggregation flow rate is increased. This way, it greatly improves overall throughput and reduces latency, delivering broader coverage with more stable and reliable connections.

Smart Security for Smart Living

HomeShield provides a series of built-in services that protect all your devices comprehensively with various features for when you’re at home or on the go. With HomeShield, safer internet experiences bring more happiness to your smart living.

Network Protection

Simply configure your gateway and achieve whole home network security. HomeShield examines your network by scanning and identifying potential risks, stopping them in their tracks before they harm your network.

Parental Controls

Parental Controls protect your kids, while helping them maintain healthy digital habits. Parents can set app blocking, web filtering, YouTube restrictions, SafeSearch, and online time limits to keep kids safe while they’re having fun online.

Maintain Protection Away from Home

Devices remain secure everywhere with devices security app. And through KidShield, parents can monitor their kids’ locations and set geofencing. This way, kids stay digitally protected even on the go.

VPN Clients and Server Supported

Allow devices in your home network to access remote VPN servers without needing to install VPN software on every device. You can create different VPN connection types, including OpenVPN, PPTP, L2TP/IPSec VPN. Besides, Deco can run both the VPN and ordinary internet connections at the same time, delivering security and flexibility.

Private IoT Network for More Security

Set up a separate WiFi for IoT devices and overlay HomeShield and advanced WPA3 encryption to better protect the security of your home network and IoT devices.

Seamless AI-Driven Mesh

Uninterrupted Streaming when Moving Between Rooms

Deco Mesh forms a unified network with a single network name. With built-in AI-Roaming technology, it creates the ideal WiFi solution with its advanced algorithms and self-learning. Walk through your home and enjoy seamless streaming at the fastest possible speeds.
