High-Speed WiFi

Every Deco unit acts like a router to keep your Wi-Fi running fast, and a Deco M5 system can keep 100-plus devices connected at once.

One Network, One Name

With Deco M5, you can walk from room to room with your smartphone or tablet and stay connected on a single Wi-Fi network.

A MORE SECURE WIFI SYSTEM

Deco M5 protects your personal data and every connected device from online threats like viruses and malware. The system also makes it easy to customize WiFi access for guests and family.
