

Zebra DS2208-HC Handheld bar code reader 1D/2D LED White

Model: DS2208-HC0000BZZRW

Manufacturer: ZEBRA

EAN: 8596375197411

Product Code: 494063

R4,153

IMPROVE PATIENT SAFETY AND CLINICIAN PRODUCTIVITY

Purpose-built for healthcare, you get an affordable imager that doesn’t compromise performance or features for price. Capture the many kinds of barcodes commonly used in hospitals—from barcodes on patient wristbands and medication vials to IV bags and specimen trays. Pre-configured and ready to use right out of the box, the scanner is configured for the healthcare applications you use every day, while auto-host detect cables automatically select the right host interface—just plug in the scanner and you’re ready to go.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
