Bulky and heavy items won’t slow down your checkout lines. With an industry-leading 28-inch scan range on UPC codes and bright aim dot, it’s easy for checkout associates to scan items in a shopper’s cart without leaving the cashwrap.

One Scanner for Your Whole Store

No matter what kind of data you need to capture, the DS4600 Series is ready for the job. Scan barcodes on a mobile phone. Capture tiny barcodes on jewelry tags, or DotCode and dotted DataMatrix barcodes through cellophane. Read wide barcodes on packages. Collect data from IDs. Parse driver’s license information. And much more.

Fastest Scanning Performance in Its Class

Empower every associate to scan like your best associate. An 800 MHz microprocessor, high-resolution megapixel sensor and Zebra’s exclusive PRZM Intelligent Imaging technology provide instant barcode capture on even the most challenging barcodes.

Do More Throughout Your Whole Store

With the DS4600 Series for Retail, you get a wide range of productivity-enhancing innovation to streamline more transactions and tasks throughout the store. Intelligent Document Capture not only captures images of documents, but automatically orients, de-skews and brightens the image for optimum clarity. Scan multiple barcodes with a single trigger pull, or automatically single out and scan one barcode on a field of many. You can capture data from travel documents with OCR. And there’s optional support for U.S. driver’s license parsing and EAS tag deactivation.
