DS4600 Series for Retail

The versatility your workforce needs

Today’s shoppers don’t want to wait in long lines at the checkout or returns desk. The DS4600 Series offers the versatility and scanning performance you need to keep transactions fast and lanes flowing smoothly throughout the whole store. This feature-rich family of corded and cordless scanners helps associates scan items of all sizes, read barcodes in nearly any condition and handle transactions of all kinds. There is a DS4600 Series model for every need in your store. Bulky items in a shopping cart, a customer’s driver’s license at the returns desk, a mobile coupon at checkout, tiny barcodes in the jewelry department, auxiliary handheld scanning at self-checkout — the DS4600 Series can handle it all. The increased efficiency shrinks lines and keeps customers coming back again and again. And Zebra DNA enhances every stage of your scanning journey, from setup and security to management and optimization. The DS4600 Series — more data capture versatility, more range and more innovation.
