

ATEN Temperature Sensor

Model: EA1140

Manufacturer: ATEN

EAN: 4710423775626

Product Code: 495129

R1,671

For environmental monitoring and management, ATEN provides sensor probes that work in tandem with the Power Distribution Units, which enable you to get readings of temperature. Environmental conditions can be monitored with alarms according to customizable minimum/maximum thresholds set for temperature.

*The Sensor is an optional accessory. You can use the ATEN PDU without environmental sensors. However, if you want to have complete energy management of your data center with the full use of ATEN solutions, a sensor installation is required.
