freshest-tasting results. The machine’s user-friendly control panel and easy-to-read LCD screen make it simple to adjust the brew strength, from light to darker roasts, and to make your selections—all your favorites are just a press of the button away. The machine's patented thermoblock heating system and 15-bar high-pressure pump help ensure a perfect hot cup of delicious espresso every time. The PISA EA81 automatically dispenses aromatic, flavorful espresso into your cup, complete with a thick layer of crema on top. Brew a wide variety of coffee drinks; the height of the coffee spout can be adjusted as needed to accommodate any size cup. Other highlights include auto shut-off, a removable drip tray and cake container, and a compact size that takes up minimal space on the counter. Descaling powder and cleaning tablets are included. Take your coffee experience to the next level of enjoyment with the KRUPS Compact PISA EA81 super Automatic Espresso Machine with Built-in Conical Burr Grinder.

Patented KRUPS Compact Thermoblock System
