The EAP115-Wall would blend seamlessly into any business setting with a refined, minimalist appearance. A slimline design includes casing that’s just 11 mm in thickness.

Effortless Deployment

With 802.3af Power over Ethernet supported there’s no need for additional wiring. Simply plug in existing Ethernet cables and you’re ready to go.

Complete Wireless Coverage

An EAP in each room guarantees a strong wireless signal and allows guests to enjoy their own private Wi-Fi network.

Cloud Centralized Management

- Anytime, Anywhere

Omada Cloud Controller OC200 and Omada Software Controller make it easy to manage and monitor the whole Omada network in real-time, while cloud service enables remote and secure access no matter where you find yourself.

Easy Management with the Omada App

Follow configuration instructions on the free Omada app to get set up in minutes. Omada lets you configure settings, monitor the network status and manage clients, all from the convenience of a smart phone or tablet.
