

Sharp EL-1901 calculator Desktop Display White

Model: EL-1901

Manufacturer: SHARP

EAN: 074000019447

Product Code: 495803

R2,477

Powerful model that offers a unique combination of the functionality of both printing and desktop calculators. The combination of a 12-digit display and a 5-line LCD allows you to detach from traditional paper and with up to 300 steps Check & Correct function, you’re able to both see and edit your calculations. Thanks to the absence of a printing mechanism, this calculator is also completely silent and ecological. Other features include Cost/Sell/Margin, +TAX/-TAX, rounding up and down, decimal settings, Grand Total, double zero and 4 key memory. Power only by the supplied adapter.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
