Gigabit Wired Performance

The gigabit port ensures fast connectivity throughout the network for smooth network connectivity.

Seamless Mesh Networking For Business

Reduce the need for Additional Wiring

With wireless mesh technology, you won’t require extra Ethernet cables to link additional APs across the coverage area. With PoE support, a single cable effortlessly integrates data and power, obviating the necessity for extra wiring.

Seamless, Smooth, and Stable Wi-Fi

Seamless Wi-Fi ensures that all users enjoy uninterrupted connections when moving between different access points through 802.11 k/v/r seamless roaming technology.

Low Profile, Easy Installation

With an ultra-thin casing and a refined bracket, installation is easier in just 3 simple steps. Push up, rotate, and lock. 802.3at PoE support ensures flexible deployment according to your needs.
