Gigabit Wired Performance

Four gigabit Ethernet ports provide full connectivity throughout the network for high-speed transmissions, allowing you to connect
several devices to your network.

Flexible Deployment with PoE

With 802.3af/at PoE support, a single ethernet cable provides both data and power. Place your AP in optimal locations without the need for a separate power source.

Seamless, Smooth, and Stable Wi-Fi

Seamless Wi-Fi ensures that all users enjoy uninterrupted connections when moving between different access points through 802.11 k/v/r seamless roaming technology.

Quick, Flexible Installation

Compatible with standard wall junction boxes and featuring ultra-compact design, installation is easier than ever.
