The Neomounts FL50-540BL1 is a mobile floor stand for flat screens up to 70" with a maximum weight capacity of 50 kg. The floor stand has four height settings and a tilt option (17°) to create the optimum viewing angle.

The trolley features four solid castor wheels -of which two with brake- that allow you to use the floor stand wherever you like. A clever cable management system conceals and routes cables from mount to flat screen.

The FL50-540BL1 is compactly packed for optimized transportation and storage.
