Pure steam. Powerful performance. Perfect results.

Introducing the 3100W Ultimate Pure, the most powerful Tefal steam iron that stops limescale stains** on clothes. Only Ultimate Pure features the exclusive and patented MicroScale filter technology, a two-in-one innovation that stops scale* and produces pure steam for ultimate ironing. Here's how it works: steam, polluted by limescale in the steam chamber, enters the filter. The filter captures even the smallest of scale particles** and produces 100% filtered, pure steam – so, you can iron without the worry of scale staining your clothes. It's easy to clean, too: just pull it out to remove the scale in one go. Combined with Tefal's most powerful steam – up to 60g/min continuous and a 260g/min steam boost – this guarantees perfect ironing results. The automatic steam features

means there's no need to set the steam, so you can just get on with the job. Ultimate Pure also has the new Durilium Airglide Autoclean soleplate with 33% more glide**** for fast and effortless ironing. 100% active steam holes ensure maximum steam distribution, so you can get through your ironing pile efficiently, while the Autoclean Palladium coating helps to keep it stain-free over time without any maintenance. Rounding things off are a soft-grip handle for comfortable sessions, a generous 350ml tank for fewer refills and an extra-long 3m cord for maximum mobility. Ultimate Pure even turns itself off if left unattended for added safety.

No stains:** The exclusive and patented MicroScale filter stops scale** in its tracks, producing 100% filtered and pure steam for perfect ironing results.

Efficient ironing: The Durilium Airglide Autoclean soleplate brings 33% more glide**** and maximum steam distribution for efficiency. The Autoclean coating keeps it clean – no maintenance needed.

Rapid results: This 3100W iron delivers Tefal's most powerful steam output – a constant high steam output of 60g/min and a 260g/min boost, with automatic steam setting for efficient crease removal.

Convenient: A soft handle ensures comfort in use, the 350ml water tank will save time as you won't constantly be refilling, and the 3m power cord ensures you can reach all around your ironing board.

Added safety: Ultimate Pure turns off automatically if left unused for more than 8 minutes on its heel. If laid flat or on its side, it only takes 30 seconds before this steam iron turns off.
