

LevelOne RJ45 to ST Gigabit Media Converter, Single-Mode Fiber, 1310nm, 20km

Model: GVT-2003

Manufacturer: LEVELONE

EAN: 4015867231234

Product Code: 499704

R2,389

The GVT-2003 SMF ST media converter is able to convert network signals between copper and fiber-optic based networks. The converter provides a 10/100/1000Base-T RJ-45 port, supports full duplex and half duplex switch connectivity and 10Base-T, 100Base-TX and 1000Base-T auto-sensing. Used in single-mode with fibre-optic cabling, this can extend a network range up to 20km. The device features built-in Dip switches for easy converter configuration, which function on the Smart LFP (Link Fault Pass-through), allowing the converter to monitor both the fiber and copper ports for signal loss, as well as cut through and smart pass through mode. The GVT-2003 is able to operate in temperatures from -10° up to 55° Celsius. The converter can be used as a standalone unit or as a slide-in module to the CHV-2000 19” converter rack, which can accommodate up to 14 units for use
