

LevelOne RJ45 to SFP Gigabit Media Converter, PoE PD

LevelOne RJ45 to SFP Gigabit Media Converter, PoE PD

Model: GVT-2010

Manufacturer: LEVELONE

EAN: 4015867195192

Product Code: 499705

R3,669

GVT-2010 10/100/1000Mbps adaptive Gigabit Ethernet media converter adopts switching technology to fulfill media conversion. It complies with IEEE802.3, IEEE802.3u, IEEE802.3z and IEEE802.3ab standards. Presently it supports two types of media network connections: 10Base-T/100Base-TX/1000Base-T, and 1000Base-SX/LX, inter-converting electrical signals of 10Base-T/100Base-TX/1000Base-T twisted pairs with optical signals of 1000Base-SX/LX. It extends the transmission distance of network from 100m via copper cable to 100 km via fiber optical cable.

GVT-2010 supports 802.3at/af POE-PD function. It can draw the power via UTP cable connect to a POE-PSE switch or mid-span injector. This function makes the GVT-2010 ideal for remote areas of a network without power outlets

Key Features

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

- Transfers data from 10/100/1000Base-T copper to fiber interfaces
- SFP slot supports pluggable Gigabit optic modules that enabling you to choose from a variety of transceiver
- 9K jumbo frames to increase data transfer rates
- Built-in LFP (Link Fault Pass-through) (LLCF/LLR) Technology
- IEEE 802.3x Flow Control protects against lost packets for reliable data transmission
- Supports low-time lag transmission
- Supports the transmission of extra-long packets up to 1.6KB
- 10°C to 55°C operating temperature range
- IEEE 802.3af/at PoE compliant to simplify deployment and installation
