

ICY BOX IB-1121-U3 USB 3.2 Gen 1 (3.1 Gen 1) Type-A Black

Model: IB-1121-U3

Manufacturer: ICY BOX

EAN: 4250078173366

Product Code: 500870

R1,345

Simply dock

The double bay of the enclosure quickly and easily accepts a 2.5" or 3.5" SATA I/II/III SSD or HDD and can be used immediately as an external storage medium. Due to the simple insertion and re-insertion of the hard disks, the change is child's play and does not require any tools.

Fast data exchange

The fast data transfer from the computer to a hard disk or vice versa succeeds with up to 5 Gbit/s via the USB 3.2 Gen 1 interface. This reduces waiting times for read and write operations. The DockingStation is connected to the host computer via a USB Type-A plug.

High compatibility

No matter which system you use, the IB-1121-U3 is compatible with Windows®, macOS® and Chrome OS™. Thanks to Plug & Play, none of the operating systems require additional driver installation. With its matte black design, the device also blends perfectly into the work environment.
