

ICY BOX IB- 2217StS 8.89 cm (3.5") Storage drive tray Black

Model: IB-2217STS

Manufacturer: ICY BOX

EAN: 4250078189626

Product Code: 500890

R1,469

The small brother

The IB-2217StS offers place for one 2.5" SATA SSD or HDD and it is built into one 3.5" bay in the PC. The SSD/HDD are installed without a tray and therefore also without the use of any tool.

Safe as well

Even though the IB-2217StS offers place for only one HDD, it still is safe. A lock is available to keep unauthorized persons away, while internally, the HDD is connected with a SATA connector and the LED is connected separately with a 4-pin connector.

Cool and stable

The frame is made out of metal while the front panel is made out of high quality aluminium. Metals are known for their excellent heat conduction (passive convection). This provides a lower temperature without a need of a fan.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
