

ICY BOX IB-2924MSCL-C31 USB 3.2 Gen 2 (3.1 Gen 1) Type-C Black

Model: IB-2924MSCL-C31

Manufacturer: ICY BOX

EAN: 4250078174349

Product Code: 500903

R2,418

Simple cloning

A solution that redefines the simplicity of data cloning: You can start the cloning process with just a single keystroke. Complex software installations or PC setups are no longer required. The device is able to clone from various sources, including 2.5'/3.5' drives or M.2 PCIe NVMe SSDs, directly to M.2 PCIe NVMe drives.

Versatile compatibility

Provides three independent slots, each of which can be connected to your PC simultaneously. The tool-less design allows for quick and easy docking of drives. This feature is especially beneficial for users who work with different types of data or need to access multiple storage devices simultaneously.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

High speed performance

The IB-2924MSCL-C31 utilises the power of USB 3.2 Gen 2 technology to deliver lightning-fast data transfer speeds of up to 10 Gbps. The device is equipped with an ICY BOX® combo cable that offers two connection options. This gives users the flexibility to connect a variety of devices without the need for additional adapters.
