

ICY BOX IB-DK2245AC Wired USB 3.2 Gen 1 (3.1 Gen 1) Type-C Black

Model: IB-DK2245AC

Manufacturer: ICY BOX

EAN: 4250078170006

Product Code: 500966

R5,151

High resolution

The IB-DK2245AC is equipped with four display video outputs. With triple Ultra HD displays simultaneously, the DockingStation allows you to split up the content to three display devices when the system supports the function, to mirror your primary screen, or extend the computer's desktop allowing visibility of more applications at the same time. It supports a resolution of up to 4096x2160@60 Hz for two monitors or one single 5K@60 Hz display with two cables connected via DisplayPort™ and fulfills your high resolution desires.

Big flexibility

This high-performance DockingStation can be used with both current Windows® and macOS® operating systems. Thus, the IB-DK2245AC is the perfect companion for eager travelers, business, and multimedia enthusiasts who want to be prepared for all environments.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

One port

Notebooks and other mobile computers are becoming thinner and smaller. This is usually at the expense of connectivity - even the widely used RJ45 LAN port or multiple USB ports are often omitted, as are video connections, which are required by many display devices. The IB-DK2245AC offers a large selection of ports and can eliminate this lack permanently.
