

Techly ICOC HDMI2-4-020T HDMI cable 2 m HDMI Type A (Standard) Black

Model: ICOC-HDMI2-4-020T

Manufacturer: TECHLY

EAN: 8051128109634

Product Code: 501112

R993

- Cable based on a new technology that offers the best data transmission between the HDMI™ source and HDMI™ display. The five twisted pairs offer better data transmission between devices
- Triple shielding with resistant connectors for better performance able to optimize the signal with data integrity, even in installation environments subject to the worst EMS interference
- ATC certified, this cable fully complies with the requirements of the worldwide HDMI™ standard. All cable materials are 100% RoHS compatible and lead free
- Connections from HDMI™ 2.0 19-pin male to HDMI™ 19-pin male
- High-speed, bidirectional communication up to 100 Mbps
- Supports 4K * 2K / 60Hz resolution
- Compliant with HDMI™ High Speed specifications
- Die-cast PVC connector cover
- HDMI™ Ethernet Channel: supports internet connection via HDMI™ (HEC)

- Channel Audio Return: allows an HDMI™ connected to a TV with an integrated tuner to send the audio data "upstream" to a surround sound system, eliminating the need for a separate audio cable
- Supports 3D: defines input / output protocols for the main 3D video formats, also for games and 3D home theater applications
- Supports Ultra HD 4K resolution 4000x2000: allows video resolutions far beyond 1080p, supports new generation displays
