Expertly designed to work seamlessly with your Brother printer, the LC1100C replacement cartridge provides you with impressive results, time after time. The LC1100C's high quality output is thanks to the design of their specialist print heads, which ensures the creation of smoother and finer printed images.

Though using cheaper, non-branded refill cartridges might save you money in the short-term, these often-inferior products can cause numerous printing problems and even damage your machine – so is it really worth the risk?
