R2,477

The LC223K, LC223C, LC223M and LC223Y ink cartridges contained in this LC223VALBP Multipack have been expertly designed to work seamlessly with your Brother printer, providing you with highest quality results, time after time.

Though using cheaper, non-branded cartridges might save you money in the short-term, they're not as compatible with your machine. It's possible that using these often-inferior products could cause printing problems and even damage your printer – so why take the risk?

By choosing this genuine LC223VALBP Ink Cartridge Multipack, you'll ensure that your printer continues to perform at its very best and also that any warranty you hold remains valid, providing you with extra peace of mind all round.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
