The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Hold sizable opportunities in small spaces

Compact Design

The compact design of the QB24C allows for efficient space utilization, even in compact locations. A sleek rear design makes the display optimal for wall mounting while the connectivity, content play and device controls are easy to operate.

Connect with convenience

Home UI

QB24C boasts greater usability with an upgraded home screen UI. Popular categories like Features, Sources and Settings are displayed on the same screen for convenient availability. The Favorites folder grants users quick, easy access to frequently used features in a single click.

Convenient, clean display control

Center IR

With center IR, each display receives IR signals directly to the panel, allowing easy and convenient remote control. When mounted, the display doesn't require an IR receiver cable extension. Built-in Wi-Fi allows wireless remote management for both content and display.

Safe operation, reliable performance

IP5X / EMC Class B

QB24C is electromagnetic compatibility (EMC) class B compliant, meeting strict safety and reliability standards for operation. Additionally, the display's IP5x rating underscores its robust durability even in dusty environments.

Change the way to manage your display

Samsung VXT

Samsung VXT is a cloud-based solution that brings together content management and remote device management capabilities, allowing users to remotely manage hardware settings and troubleshoot issues from afar, while effortlessly creating and deploying content without the need for training.
