Product Code: 505549

R6,250

Enhance interaction comfort in public environments with the AG Neovo LMA-01 wall mount arm for large-sized displays.

Tilt, swivel, extend or contract the LMA-01 wall mount arm to achieve versatile viewing angles. Designed with durable materials and strong structure, it withstands frequent use in public environments. Smart cable management routes the cables to keep the appearance clean. Compliant with VESA standard, the LMA-01 accommodates ranges of display sizes larger than 32".

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
