

AOC 25G42E 24.5inch Fast IPS FHD 180Hz 1ms 300cd/m2 HDMI 2.0 DP1.4

Model: 25G42E

Manufacturer: AOC INTERNATIONAL

EAN: 4038986642576

Product Code: 50612

R2,528

AOC Gaming 25G42E offers a 25-inch display that brings vibrant visuals to any gaming setup. With a native resolution of 1920 x 1080 and a rapid refresh rate of 180 Hz, it enhances gameplay with smooth motion and clarity. The Fast IPS technology ensures brilliant colors and wide viewing angles of 178 degrees, making it ideal for dynamic gaming scenarios.

Designed for gamers, the monitor features an array of performance enhancements, including Low Input Lag, Game Color Mode, and various gaming modes such as FPS and RTS. The 0.5 ms response time minimizes motion blur, while Flicker-Free technology ensures comfortable viewing during prolonged gaming sessions. With support for HDR10 and a color gamut that covers over 92% of DCI-P3, the 25G42E is an option for both competitive and casual gamers looking for an immersive experience.
