This reliable cartridge-free printer features an enhanced ink filling system and easy-to use-ink bottles, keeping intervention to a minimum. Thanks to the ink tank being positioned at the front of the printer, with a clear view of the ink levels, this new design is compact and provides easy access for refilling. Its fast First Page Out Time (FPOT) of six seconds from sleep, and 20ppm print speed, mean you won't be waiting around for jobs.

Save energy

Unlike a laser, our inkjet technology doesn't need any heat during the printing process, helping to keep energy use low and reduce electricity bills.

Business features

Wi-Fi, Ethernet and USB connectivity and a compact footprint mean that it's easy to place on a desktop and connect to a user's PC or laptop.
