**Enhanced Security**

Kensington Lock for physical security to discourage theft

**All-in-One Solution that Solves It All**

**No more fuzzy texts and figures**

**Perfect Combination of Stunning Clarity and Crafted Colors**

Finest Precision Glass Lenses for Crystal-Sharp Clarity

BenQ only uses high-quality glass lenses to minimize chromatic aberration, ensuring long-term image quality in brilliant clarity.

**Exclusive Color Craft Calibrated to Suit Your Needs**

**Presentation Mode**

Designed for presentations with vivid colors. In this mode, the brightness is emphasized to match PC and notebook coloring.

## Infographic Mode

Great for showcasing the text and graphics of infographic in detail thanks to the high brightness and better color gradation.

## Data Review Mode

Review your reports with Data Review Mode. Its emphasized contrast and clarity speed up your meeting and strategy-making process

**No more embarrassing waits**

**Start Meeting in a Blink**

**Retractable Adjustment Foot**

Far superior to projectors with only one adjustment foot, the triple adjustment feet, including a retractable foot, enhance flexibility in a wide variety of meeting rooms.

## Auto Vertical Keystone for Perfect Alignment

Project the image from any angle and get the perfect squared image with Auto Vertical Keystone. It’s to quick to eliminate the blurry images and get to the point in the meeting.
