Made to Protect

Minor drops and bumps are no problem for this case. Made with impact-resistant EVA foam and equipped with a raised bezel for optimal screen protection, this case is designed to handle the inevitable bumps and drops. In fact, the case passes rigorous MIL-STD-810G testing to ensure it can protect your device from drops up to four feet.

DefenseGuard™ Antimicrobial Protection

Infused with antimicrobial additives, you can rest assured your tablet case is protected. Unlike topically applied sprays, DefenseGuard™ offers antimicrobial protection to help prevent the growth of microorganisms that does not wear or wash off and lasts for the life of the product.

Bring your child’s entertainment from the car to the couch to the kitchen table.
