

Axagon BUCM-CM10TB TWISTER USB-C > USB-C cable 0.6 m

Model: BUCM-CM10TB

Manufacturer: AXAGON

EAN: 8595247905895

Product Code: 515050

R653

Twisted connection USB-C -> USB-C Data and Charging AXAGON BUCM-CM10TB TWISTER USB 2.0 cable with USB-C male connectors at both ends. The cable is designed for fast data transfers and notebook, phone, tablet and other mobile device charging. It supports up to 480 Mb/s data transfer and charging with current up to 3A.

Durable data and power cable with extended service life is equipped with metal terminals, connectors with a nickel-plated surface and gold-plated contacts. Cable conductors are made of Tin-plated oxygen free copper. High-quality cable insulation, made of flexible TPE, guarantees maximum durability and also maintains sufficient flexibility. Thanks to the twisted and winding design, the cable takes up a minimum of space and is an ideal accessory for the car. In the shortened state, the cable is only 35 cm long and does not obstruct anywhere. When stretched, it comfortably reaches 60 cm away from the socket.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Power cables 22AWG (lower number = larger cross-section and lower wire resistance) guarantee fast charging of phones and other mobile devices. Cable also supports notebook charging using Power Delivery 60W technology. Data wires 30AWG together with high-quality shielding, ensure reliable data transmission. Double shielding protects transmitted signals from adverse interference.

Durable cable gland reduces dangerous cable bending. The mechanical resistance of the cable is also increased by the aluminum terminal covers.
