Hohem iSteady XE Kit Gimbal

The Hohem iSteady XE Kit is the ideal solution for anyone who wants to create professional video and photography with a smartphone. With its versatile modes, compact design and long battery life, this gimbal provides full creative freedom and convenience. Whether you're an amateur or a professional, the Hohem iSteady XE Kit will allow you to capture every moment with extreme precision and stability.

Versatile modes

Equipped with 3 axes, the Hohem iSteady XE gimbal provides excellent stabilization during recording, eliminating all shake and vibration. The device offers a wide range of modes, such as pan and tilt tracking, full-lock mode, first-person recording and sports mode, which significantly affects the efficiency of your work. Thanks to intuitive switches, changing recording modes is quick and easy, allowing full creative freedom when capturing video.

Magnetic light and adjustable brightness

The iSteady XE Kit is equipped with a magnetic attachable lamp that offers three exposure modes - warm, neutral and cold. With 10 levels of brightness that can be adjusted to your preference, the gimbal allows you to create ideal lighting conditions in any situation. This functional solution allows you to achieve a professional effect, regardless of the lighting conditions.

Compact design and lightweight

The Hohem iSteady XE Kit is the lightest folding gimbal on the market, designed for easy portability and convenience. It weighs just 259 grams, making it as compact as an iPhone, and it fits perfectly in any bag or backpack. This lightness and ergonomic design make the gimbal the perfect companion on the go, allowing you to capture high-quality video anywhere, anytime.

Creative features and mobile app

A dedicated app for the Hohem iSteady XE gimbal allows for even more creative and convenient video creation. The app offers a wide range of features such as face and object tracking, timelapse mode, intelligent motion tracking, dolly zoom, panorama mode, CloneMe and more. With these features, creating professional and impressive videos becomes extremely easy and intuitive.

Universal compatibility and long working time

The Hohem iSteady XE gimbal is compatible with a wide range of devices, including the iPhone 14/13/12/11 Pro Max series and most Android smartphones, such as Samsung, HUAWEI, XIAOMI, OPPO and others. With a powerful battery, the gimbal provides up to 8 hours of use on a single charge, making it an ideal choice for long recording sessions.

Ease of use and stability

The gimbal offers an easy change of orientation from horizontal to vertical, providing full flexibility during operation. The intuitive design and advanced stabilization features make the Hohem iSteady XE an ideal tool for both amateurs and professionals who want to get stable and smooth shots without the need for heavy equipment.
