Darkflash C218M computer case + 6 ARGB fans (black)

The Darkflash C218M computer case offers compact dimensions (434 x 218 x 414 mm) without compromising on performance. Two tempered glass panels - side and front - give the design a modern look, allowing you to fully display the inside of your PC, and compatibility with a wide variety of components allows you to create exactly the configuration you need. You'll also find 6 ARGB CL6 fans included.

Advanced cooling capabilities

Play even the most dynamic games and work on complex projects without worrying that your hardware will overheat. The C218M case allows you to mount up to nine fans and is compatible with

water coolers up to 360mm. This makes it easy to take care of efficient heat dissipation and ensure that your computer's components are at the optimal temperature for work!

Many expansion possibilities

The C218M case offers a spacious interior that can easily accommodate a graphics card up to 425 mm in length, a PSU up to 250 mm and a CPU cooler up to 170 mm in height. There are also five slots for expansion cards. So you can assemble the perfect PC for gaming or office work!

The connectors you need

The C218M is equipped with easily accessible connectors, including a USB 3.0 port for high-speed data transfer, two USB 2.0 ports and a separate headphone input and microphone output. This allows you to conveniently transfer the files you need and connect various peripherals such as a keyboard, mouse or microphone.

Flexible storage options

The C218M chassis allows you to mount two HDDs or one SSD, providing ample space for your data. This gives users the freedom to customize the storage space to suit their needs. Don't be afraid of file storage problems!

Minimalist, widescreen design

Build yourself a computer that will impress you not only with its functionality, but also with its unique design. The C218M case is equipped with two transparent tempered glass panels and features a panoramic design - without a vertical pillar. Thanks to this, it allows you to expose the interior of your computer in an interesting way! Place components with LED backlighting in it, for example, and get a unique effect.

Included

- Darkflash C218M case
- ARGB CL6 x 6 fan
