IsEasy LT5-04 ceramic/electric cooktop

The IsEasy LT5-04 hob is the perfect solution for culinary enthusiasts who want maximum functionality and convenience in the kitchen. Equipped with five heating zones of different power and diameter, it allows you to cook multiple dishes simultaneously, saving time and energy. Elegant design, modern technology and high efficiency make the IsEasy LT5-04 an ideal choice for any kitchen.

Five heating zones for a variety of tasks

The cooktop offers five heating zones with wattages ranging from 1200 watts to 2400 watts. With different diameters and dual power capabilities, you can precisely adjust the zone to suit the size of the cookware and the type of food. The 2400-watt zone (with the possibility of combining two circuits) will be ideal for fast frying or cooking in large pots.

Smart controls and safety

A touch panel with 9 power levels allows easy and precise temperature settings for each zone. Features such as parental lock, residual heat indicator and automatic shut-off guarantee safe use, making the hob an ideal choice for families with children.

Efficiency and quiet operation

Thanks to an advanced cooling system and low noise, the hob works efficiently and does not interfere with daily chores. It is ideal for kitchens open to the living room, where silence and aesthetics are crucial.

Easy to keep clean

The glass surface of the hob not only looks great, but also makes it easy to keep clean. When you're done cooking, just wipe it with a damp cloth to keep it like new.

Versatility of use

The IsEasy LT5-04 hob is compatible with most cookware, such as stainless steel, ceramic, enameled pots and cast iron pans. You don't have to worry about replacing your kitchen equipment - the appliance will adapt to your needs.
