IsEasy MGBG-603 three-zone gas cooktop with glass panel

The IsEasy MGBG-603 glass-panel gas cooktop is an elegant and functional cooktop, designed for home cooking. Equipped with three heating zones, with a total power of 3.3 kW, 2.7 kW and 1.75 kW, it allows for fast and efficient cooking. The use of modern technology and high-quality materials makes the device safe, durable and easy to maintain.

Speed and efficiency

With 3.3 kW, 2.7 kW and 1.75 kW of power in the individual cooking zones, the IsEasy MGBG-603 cooktop provides adequate performance for preparing a variety of dishes, from frying to high heat cooking. It is ideal for quickly boiling water, frying meat and cooking food that requires high heat. The power adjustment allows you to fine-tune the intensity of the fire to suit your cooking needs.

Three cooking zones

The hob is equipped with three cooking zones, giving you more flexibility in the kitchen. You can cook several pots at the same time, with each zone having individual power control, allowing you to conveniently and efficiently prepare several dishes at once. As a result, even with a heavy load, the hob provides excellent performance.

Elegant and easy-to-clean panel

The glass panel of the IsEasy MGBG-603 gas hob is not only elegant, but also very practical for everyday use. Thanks to its smooth surface, the hob is easy to keep clean. Just wipe it with a damp cloth to get rid of food residues, grease and dirt, allowing you to quickly and effortlessly keep your kitchen tidy.

Complete cooking convenience

Installation of the IsEasy MGBG-603 hob is quick and easy thanks to the included installation instructions. Operation of the device is intuitive - just push and turn the knob to start the flame and then adjust its strength. As a result, cooking is fast, convenient and hassle-free.
