Product Code: 515555

R4,224

IsEasy MGBG-775 five-sphere gas hob with glass panel

The IsEasy MGBG-775 gas cooktop is an excellent choice for any kitchen - it combines an elegant glass panel, built-in capability and high functionality. Equipped with five burners of different power (1x 1 kW, 2x 1.75 kW, 1x 2.7 kW, 1x 3.3 kW) - it allows you to prepare multiple dishes simultaneously, making cooking faster and more convenient. It is also distinguished by its compatibility with different types of gas - both NG and LPG.

Five cooking zones for maximum convenience

The MGBG-775 offers five burners with capacities of 1x 1 kW, 2x 1.75 kW, 1x 2.7 kW and 1x 3.3 kW. Such variety allows you to adjust the cooking temperature to the type of food, which increases the efficiency of your kitchen. This will allow you to quickly and efficiently prepare, for example, aromatic soup, delicate sauce, juicy cutlets or crispy fries!

Refined in every detail

Practical knobs of the hob allow you to easily and precisely adjust the power of the flame to your needs. Their robust design ensures durability and comfort, and clear markings make it easy to operate. The MGBG-775 also has sturdy grates that can hold even heavy pots and pans stably.

Compatibility with natural gas and LPG

The IsEasy MGBG-775 cooktop is designed to be compatible with both natural gas (NG) and liquefied petroleum gas (LPG). Thanks to special nozzles, you can easily adapt the device to your gas installation and enjoy hassle-free cooking in almost any situation.

Easy to keep clean

The glass panel of the hob not only adds to its elegance, but also makes it easy to clean. To get rid of dirt from its surface and restore its pristine appearance, just wipe it with a damp cloth! This design saves time and provides convenience of use.

Compact dimensions for built-in

Compact dimensions (77 x 51 x 11 cm) make the hob perfect even in a small kitchen. In addition, its clever design allows it to be easily built into recesses of 73 x 48 cm. This saves valuable space!
