IsEasy MGBG-312S2C dual-zone (square) glass gas cooktop.

IsEasy MGBG-312S2C gas hob is an ideal solution for smaller kitchens and beyond. It features a small design (31 x 52 cm) and can be built into the kitchen countertop. It offers two burners of 1 kW and 2.7 kW, and you won't have any problem cleaning it. It is also compatible with different types of gas - both NG and LPG.

Two available burners

The hob is equipped with two burners: the smaller, 1 kW burner is ideal for simmering, and the larger, 2.7 kW burner will work well for high-temperature frying, for example. This makes the device versatile enough to meet everyday cooking needs.

Sturdy cast iron grates

Sturdy cast iron grates ensure safe use and resistance to high temperatures. As a result, you can use the hob for years without worrying about losing its quality. What's more, they are designed to stably hold even heavy pots and pans.

Universal gas compatibility

The MGBG-312S2C is compatible with both natural gas (NG) and liquefied petroleum gas (LPG). So you can easily match it to your gas installation. Forget about compatibility problems and enjoy cooking!

Electronic ignition and safety

IsEasy MGBG-312S2C cooktop is equipped with electronic pulse ignition, which allows you to quickly and safely start the flame. With just one turn of the knob, you can start cooking - no matches or lighters required! In addition, a special safety system cuts off the gas supply if the flame goes out, preventing dangerous leaks.

Easy to clean thanks to the glass surface

The surface of the hob is smooth and made of glass, which makes it easy to keep it clean - to remove dirt, just wipe it with a damp cloth. This way you don't have to waste time on lengthy and tedious cleaning!

Ideal for built-in in small spaces

The IsEasy MGBG-312S2C is designed to be built into kitchen countertops. Its compact dimensions (31 x 52 x 11 cm) make it fit perfectly even in small niches - up to 26.5 x 47.5 cm You can easily fit it into your kitchen and save valuable space!
