

Microconnect SSTP620B networking cable Blue 20 m Cat6 S/FTP (S- STP)

Model: SSTP620B

Manufacturer: MICRO CONNECT

EAN: 5704327722212

Product Code: 543417

R1,096

The MicroConnect SSTP620B is a high-performance S/FTP CAT6 network cable, meticulously engineered for reliable data transmission. This 20-meter blue cable is designed to meet the demands of modern networks, ensuring fast and stable connectivity. Constructed with shielded foiled twisted pair (S/FTP) cabling, it minimizes interference and maximizes data integrity, even in environments with electromagnetic noise. The cable's LSZH (Low Smoke Zero Halogen) jacket provides enhanced safety by reducing the emission of toxic fumes in the event of a fire. Trust MicroConnect's 20+ years of expertise to deliver a premium-quality cable that ensures optimal network performance and safety for your home or business.
