Boosted WiFi Coverage Throughout Your Home

4× high-performance antennas boost WiFi signals throughout your home. Beamforming technology detects devices and concentrates signals towards them, especially to previously hard-to-reach areas.

Flexibly Create Whole Home Mesh WiFi

Archer BE220W is EasyMesh-compatible. If you have any dead zones at home, just add another EasyMesh router/range extender to further form your whole home multi-gigabit mesh WiFi. No more searching for a stable connection.

VPN Clients and Server Supported

Allow devices in your home network to access remote VPN servers without needing to install VPN software on every device. Archer BE220W can run both the VPN and ordinary internet connections at the same time, delivering security and flexibility.

Setup Got Easier than Ever

Install the Tether app and simply follow the on-screen directions. In just three easy steps your entire home can be blanketed in strong and reliable WiFi.
