

Media-Tech MT3165 Partybox KEG BT

Model: MT3165

Manufacturer: MEDIA-TECH

EAN: 5906453131658

Product Code: 601867

R1,081

Media-Tech presents a further new model of the successful series “Bluetooth Speakers”. This time with a very special feature:

PARTYBOX KEG BT MT3165 with a built-in two 4” speakers with a total RMS power of 30W, 750W PMPO.

PARTYBOX KEG BT is a portable active speaker system combined with karaoke feature, which is ideal for home use and for usage during outdoor events, bonfires etc.

Due to rugged housing, built-in battery (up to 4h work), you can take this speaker set everywhere! The active Bluetooth interface lets you listen to music files, which you can transmit wirelessly from any Bluetooth device (eg. Telephone, smartphone, tablet). No cable spaghetti anymore.

PARTYBOX KEG BT has a USB port and microSD card slot with reader function, so you can play your music files directly from external flash drives.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice.
