R1,469

Tough enough for life on the go

Built to safeguard your phone from accidental drops, the Rugged Case has gone through 5 rounds of transit drop test and meets MIL-STD-810H standards for military-grade protection. The raised camera bumpers add extra protection and the lifted screen edge keeps your display from touching surfaces. Whether you're on the move or mid-run, it's ready to take the hit so your phone stays protected.

Solid case, soft to the touch

It may be solid, but the Rugged Case is sleek, pocket-friendly and features a silky soft-touch silicone finish that feels great in your hands. The transparent sides let you show off the original colour of your phone, while the protective bumper and anti-slip design can help keep your phone secure.
