- Easy-to-read water level indicator
- A cup indicator to boil only the water you need
- Spring lid with large opening for cleaning
- Easy refilling through lid or spout
- Cordless kettle with 360° pirouette base
- Cord winder for easy adjustment and storage

Flat heating element

A concealed stainless steel heating element ensures fast boiling and easy cleaning.

Micro-mesh filter

A removable micro-mesh filter on the spout captures tiny limescale particles as small as 200 microns to ensure a clear cup.

Multi safety system

Multi safety system against boil-dry, with auto-switch off when the water is ready.

Pilot light

Elegant indicator light incorporated in the power switch illuminates when the kettle is turned on.

Water level indicator

The water level is easy to read with an indicator located on one side of the kettle.

A cup indicator

Enabling consumers to boil the amount of water they need, and therefore saving up energy and water, contributing to a better environment.

Spring lid with large opening

A push-button lid opens smoothly at the touch of a button, avoiding steam contact. The large opening simplifies cleaning.

Easy refilling

The kettle can be filled through the spout or by opening the spring lid.

Cordless + 360° pirouette base

The cordless kettle sits on a 360° pirouette base for easy lifting and replacing.

Hidden cord winder

The cord can be wrapped underneath the base, so it's the right length for any kitchen and easily stored away.
